Lifecycle marketing, segmentation, A/B testing, campaign optimization

Cross functional execution, QA coordination, client delivery

PROFILE

Campaign Manager with 2+ years of experience executing lifecycle and promotional campaigns using Braze. Specialized in trigger based journeys, segmentation, and personalization using Liquid, HTML, and CSS. Proven record of improving engagement metrics through testing, optimization, and cross functional execution.

EMPLOYMENT HISTORY

Campaign Manager, Publicis

Toronto

May 2023 — Oct 2025

- Executed multi-channel campaigns for Dairy Queen using Braze, increasing unique open rates by 30% within 12 months.
- Built and maintained trigger-based lifecycle journeys, including Birthday, Onboarding, and Re-engagement flows, in Braze Canvas.
- Built responsive email templates using HTML, CSS, and Liquid logic, driving a 5% month-over-month increase in subscriptions and opt-ins.
- Deployed multi-channel campaigns through partner integrations with Branch and Movable Ink, enhancing personalization and cross-platform engagement.
- Resolved segmentation and canvas issues, reducing deployment errors and campaign rework.
- Drove engagement through A/B testing, behavioral targeting, and segmentation optimization, increasing click-through rates by 10%.
- Delivered 15+ campaigns per month by coordinating across creative, QA, client, and account teams.

IT Recruiter, Zenith Systems Solutions

Toronto

May 2021 — Oct 2021

- Sourced and screened IT candidates, improving pipeline efficiency.
- Led preliminary interviews to assess technical skills and cultural fit.
- Partnered with clients to align recruitment strategies with business needs.
- Maintained candidate databases and tracked key recruitment metrics.
